# WA-DHCC Spring Conference

**Thursday, March 15th, 2012**  
**6:00 – 8:30 PM**

## Seattle Keiro

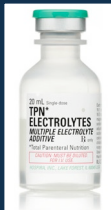

Kimochi Room  
1601 East Yesler Way  
Seattle, WA  
(Street Parking Available)

Beverages & light appetizers will be provided.

### PROGRAM:

Registration Begins ..... 5:30 PM

Electrolyte Management & the  
Parenteral Nutrition Patient – an RD’s  
Perspective ..... 6:00 – 7:00 PM

Participants will gain confidence in their role in the Nutrition Support Team, learning how to coordinate care of the PN patient with the nurse, doctor, and pharmacist. Our speaker will discuss the A.P.S.E.N. Safe Practice Guidelines for various

electrolyte additions to PN as well as the forms of salts that can be added or removed from adult PN.

Break ..... 7:00 – 7:15 PM

The Top Tube Feeding Questions... Answered!  
..... 7:15 – 8:15 PM

Every practitioner has come across some dilemmas with Enteral Nutrition. This presentation will address some of the biggest questions:

- Which enteral formula is best for the patient and why?
- How do you unclog a feeding tube?
- To pump or not to pump?

Our speaker will answer all of these plus any more questions participants may have during the Q&A Session.

Closing ..... 8:15 – 8:30 PM

## 2 CEUS AVAILABLE

Lorene Jansson has been a clinical dietitian since 1981. She has

been a nutrition support dietitian since 1994 and a Certified Nutrition Support Clinician since 2005. OptionCare, now Walgreens Infusion and Respiratory Services (WIRS), has employed Lorene for over 17 years. WIRS is a home infusion pharmacy devoted to excellence in care of tube feeding and parenteral nutrition patients. Her current role includes conducting nutrition assessments for patients on tube feeding (enteral)

### About our Speaker: **Lorene Jansson, RD, CD, CNSC**

therapy and on parenteral nutrition, teaching enteral patients use of feeding pumps, tube site care, proper flushing, and more. She also currently leads the nutrition support team at the Everett WIRS office. She has presented posters at A.S.P.E.N., the American Society of Parenteral and Enteral Nutrition, and has been a public speaker on many topics. These topics include fluid and electrolyte balance, getting the RD involved in electrolyte management of PN patients, the basics of tube feeding and PN, guidelines for home start PN, and others.
